

YASSIR TANAGHITE

Software Engineer & Full-Stack Developer

Casablanca, Morocco | +212 776-010900 | yassir.tana@gmail.com | github.com/yassiryt

PROFESSIONAL SUMMARY

Highly analytical Software Engineering student at the prestigious 1337 Coding School (Level 5) with a strong foundation in peer-to-peer project architecture and low-level programming. Combines practical experience in Full-Stack Web Development—specifically designing custom CRM platforms—with active Bug Bounty hunting. Adept at writing secure, scalable code, optimizing databases, and identifying critical web application vulnerabilities.

TECHNICAL SKILLS

Programming & Frameworks: C, C++, JavaScript, PHP, SQL, HTML5, CSS3, Custom CRM Architectures

Security & Tools: Web Vulnerability Assessment (OWASP Top 10), Git, Linux/Unix, Photoshop, Excel

Core Competencies: Full-Stack Engineering, Secure Coding, Object-Oriented Programming (OOP), Agile

PROFESSIONAL EXPERIENCE

Independent Bug Bounty Hunter / *Cybersecurity*

Jan 2026 – Present

Actively analyze web applications and source code to identify technical vulnerabilities and security flaws.

Utilize advanced reconnaissance and penetration testing methodologies to map attack surfaces.

Document and report critical bugs, ensuring compliance with secure coding standards.

Freelance Full-Stack Developer / *Web & CRM Solutions*

2024 – Present

Architected and deployed custom Customer Relationship Management (CRM) websites tailored to streamline workflows.

Developed responsive user interfaces and robust backend APIs, ensuring secure user authentication.

Integrated E-Commerce functionalities and secure payment logic into client platforms.

EDUCATION

Software Engineering Program (Level 5) – 1337 Coding School (42 Network)

2024 - Present

- Rigorous, project-based curriculum focusing on algorithms, deep architecture, and system programming in C/C++.

Computer Science Program – Codecademy

2023

English Studies – University Hassan II (FLSHM), Mohammedia

2022 – 2023

Physics & Chemistry (SMPC) - 1st Year – University Hassan II (Ben M'sik), Casablanca

2021 – 2022

Baccalaureate in Experimental Sciences (Physics-Chemistry) – High School Moulay Yousef

2021
